SCAN ME

The all-new Promethean ActivPanel is powered by ActivConnect, a revolutionary, upgradeable Android-based Mini PC. This powerful combination has created a highly effective collaboration, presentation and training platform for the modern office.

Massive variety of apps

The ActivPanel offers an 'always on' tablet experience and access to the vast, ever expanding world of business and project management apps.

Mirror and share work

With multi device mirroring mobile, tablet and laptop devices can quickly and easily cast to the ActivPanel, enabling effective collaboration and a range of presenting approaches.

Connect to smart devices

The ActivPanel supports the connection of Bluetooth devices helping businesses to harness the power of smart devices.

Dual networking and wifi hotspot

The ActivPanel enables individual users on corporate and guest wifi networks to easily work together. Wi-fi hotspot connectivity makes it a flexible addition to existing IT infrastructure.

Ideal for team working and brainstorming

With Innovative InGlass™ Touch and Writing Technology, the ActivPanel creates an elegant writing experience. Using the battery free pen, presenters can seamlessly and precisely collaborate at the ActivPanel.

- Offers a naturally smooth writing experience with no lag or response delays.
- Features a digital whiteboard for free-form writing with save and send capability
- Converts handwriting and equations to text and enables intuitive palm erase.
- Screenshot and annotate presentations, video or any other visual content and then share annotated screenshots with colleagues.
